

No time for a real bird in your home, but you still want to share your life with one of these beautiful creatures? No problem! Feathered Friends Forever provides sanctuary to over 600 birds, and any of these birds can be sponsored. You can pick a bird, a flock or a flight to sponsor and just make your tax deductible contribution. The volunteers take care of the rest, and you take the credit!

Find an individual bird on the website or maybe one that you liked during a visit. All of the outdoor flights (aviaries) can use multiple sponsors to keep the residents supplied with food, toys and habitat improvements.

The pictures you get depend on the individual bird. Some need to be taken with the bird in the cage or flight while others can be taken with the bird being handled. Monthly sponsors may want to visit the rescue to be photographed with their bird or flight. Remember that even our non-social birds still need a loving sponsor!

### Gifting

Sponsorships make a great gift for your bird loving friends. Just let us know that this is a Gift and supply the email address of the recipient. We will take care of the rest.

### Anonymous Donations

We can keep a secret if you like! Some of our benefactors do not want to be listed on the website or gifts for personal or business reasons. If that's the case, just let us know and we will tell no one.... Except maybe one of the birds like BooBoo who is sworn to secrecy.

### Single Sponsorship

### **Build a Flight!**

Imagine having an entire flight of these beautiful birds named in honor of you or your company. This is a perfect gift for a loved one or in memory of a beloved family member.

For the cockatoos and macaws we plan to use commercially available carports which come complete with framework and metal roofing. We need to add chainlink fencing to the sides and ends, plus the access door, feeders and water system. We want to build as big as possible so they have plenty of room to fly. Budget pricing is only \$5000 to \$10,000 depending on the final size. There will be a space behind the main building to accommodate one as big as 24' x 60' long. This will let all the birds live together in a flock and get all but a few out of smaller cage units.

All sponsors will be listed on the website next to the photograph of their sponsored bird or flight or kept anonymous if so desired.

**NOTE: You may sponsor as many birds as you would like. Any bird or flight may have more than one sponsor. Sponsorship does not, in any way, grant the sponsor legal claim, rights, or ownership of any kind to said bird(s) or flight(s) which are the sole property of Feathered Friends Forever. Unless specified in the sponsorship agreement, some sponsored birds may be adoptable. Our goal is to find loving homes for as many parrots as possible. In this case sponsor donations are not refundable but may be transferred to another bird of your choice.**
