We start year 21 at the Rescue

Feathered Friends Forever Rescue/Refuge

612 Byrd Drive

Harlem, Georgia 30814

706-556-2424

Greetings!

It's that time of the year again, kids back in school, the weather finally starting to cool down some, the last lake trips, but also time to look ahead to the Holidays.

Our September Open House has a special meaning this year. It is called "Tools for Teachers."

As all of us know, the school systems do not provide the teachers with all the materials they need, so out of their own pockets they have to provide them. We

hope this year we at FFF can make a dent in those supplies.

For each family that brings at-least 2 items the kids or adults will receive a black light key chain and a fidget spinner.

As always, lunch will be on hand for some generous donations (\$10.00 or more). So be sure to join us on September 15, 2018 from 11 am until 4 pm.

**Their dreams become reality in 2018
at Feathered Friends Forever!**

Rescue Time Refurbishing Older Flights

We currently have two empty flights that are being upgraded to our new standards.

- New feeding systems
- Newly designed cleaning system
- Custom designed wood chewing trees
- Raised, longer concrete perches for viewing
- The introduction of 24 hour live stream video

- Birds on the Brink educational walls
- Block wall will have painted murals
- Spaces for company advertisements

How can you help?

Tools for Teachers

Pepper's Perspective

So what's new in our house? The summer heat wave is already here.

We have finally made 21 years as of September 21, and we have reduced the number of caged birds in the main building.

As the new endangered flights are completed and birds moved in, we will be renovating all of the existing flights out back and updating them

to higher quality standards.

I hope all of you are planning on coming out soon. See you then!

Pepper

Out and About with BooBoo

Styling and profiling

Hi Gang! BooBoo here with another adventure.

Now that the weather is cooling off, I'm doing more events. I got invited to another Augusta Greenjackets baseball game. Bob took me over and I toured the entire place. I met a bunch of great folks and some mascots too. Lots of folks remembered me from my last visit. After the game we were hungry so we stopped at Culver's in Grovetown. Great food!!

Bob said if I behave, I can stay there for a few days. I got to see Stumpy again along with Oscar Eclectus and Sugar the U2. I hang out in the bird room all day. It's a lot quieter and Bob surprises us with treats during the day. I do have my

personal perch in the living room so I can watch some TV with Bob and then sleep there.

Tourism in Georgia As It Used To Be

Feathered Friends Forever is listed with the Georgia Board of Tourism as a place to visit while in Georgia. In 2018, we are about to take that one step further. We are going to be *THE* place to visit while in Georgia in 2018/19.

Feathered Friends Forever has already started construction to make the Rescue a main attraction here in Georgia. 2018 will bring new life to these attractions.

Just the tip of the iceberg that has already been taking place and 2018 - 2019 coming attractions:

- Remodeled Welcome Center complete with souvenirs

Habitat Happenings with Jonah

Looks like the Boy Scouts are finished with their part in the new Amazon flight.

Checking it out and I see it is almost complete. That spells more new neighbors!

The New 24 Hour LIVE video

This new system is in the planning stages as we speak. The system will add a third dimension to the outdoor flights, thunder, lightning and complete rain system.

The system is being designed for bird owners, school classes Elementary thru High School, Vet schools and other assorted educational areas.

It will allow viewers to be able to watch birds in a semi-natural habitat being real birds, UN-caged and enjoying the freedom they deserve.

For every purchase you make (at no additional cost to you) these great company's will donate a percentage back to the Rescue. It's a win-win situation!!

We are now in year 20 and still growing! As always, we need the support of all of the Rescue followers, now more than ever. We are looking at a cost of over \$540.00 per day to operate the Rescue for 2018.

It going to be a long summer at the Rescue. The new Special Needs area, the upcoming Amazon Flight, all the new viewing areas, moving storage areas and general clean up - but we still have a long way to go during the Spring to get flights ready for the summer.

We are well under way with our new endangered species area!

The Final Word from Big Bird

As we continue to refurbish all of the new flights, the rescue is continuing the construction of the endangered species flights.

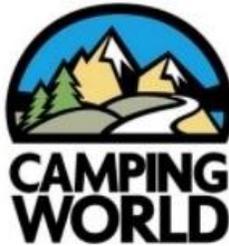

We are hoping to open a new area every 6 months or less. This allows return visitors to see all of the new areas and new visitors to enjoy all of the upgrades.

With 20 years under our belt now, the rescue is still changing the birds living conditions to provide the best possible areas for their future lives. Remember that as the TV add says, for \$39.00 a month you can feed a hungry dog that lives maybe 15 years. For the same amount, you can help feed a bird that can live well over 60 years. Your choice. I made my choice over 20 years ago.

Join me in helping the animal species that is slowly going extinct.
